

**1** Cut the following from patterned paper: a strip, 7cm x 24cm and a 13.5cm square, then a white piece of card, 7cm x 13.5cm.

**2** Using the scoring guide provided, score the lines in centimetres on the patterned strip and fold each one into a pleat.

**3** Attach the pleated element to card using the foam pads and glue onto a white piece of card.

**4** Position the decorated panel onto a background piece. Embellish the card front with ribbons, lace and a die-cut sentiment.

## NEXT LEVEL

# Fancy Folding To Impress

Elevate your card designs using Kitty Day's elegant pleating technique

## Final Flourish

Keep an area of the card design plain, so you can add embellishments like die-cut words, gems, charms and mulberry paper flowers

## Make a Statement

Fancy folds are a great way to add a touch of luxury to your card designs

## Go Freestyle

Customise the card designs by printing patterns onto paper using a permanent ink-pad and stamps

## Mix & Match

Turn to this technique when you want to use up left-over scraps of paper

## NEXT MONTH...

Kitty introduces us to watercolour embossing

## Scoring guide (cm)

1, 1 1/2, 2 1/2, 3, 3 1/2, 4, 5, 5 1/2, 6, 6 1/2, 7 1/2, 8, 8 1/2, 9, 10, 10 1/2, 11, 11 1/2, 12 1/2, 13, 13 1/2, 14, 15, 15 1/2, 16, 16 1/2, 17 1/2, 18, 18 1/2, 19, 20, 20 1/2, 21, 21 1/2, 22 1/2, 23

## We Used

\* Card \* Dies: My Favorite Things Die-namics, Hello \* Paper pad, Lucky Charm \* Scoring board, tool \* Paper flowers \* Ribbon; lace

## How-To

### You Are Amazing

For this simpler version, score at 1.5cm, then 3cm and so on. This creates a flatter fold for the main designs. Add embellishments of your choice.

### Wonderful Friend

Use different shaped papers to create variety. This one features a triangle folded back and forth, so double-sided papers are an ideal choice.
